*Essential to care™*

*“Remote order entry gives us improved patient safety. That’s really what we were looking for.”*

Sondra Donald, Director of Pharmacy,  
Boone County Hospital

## Innovative Delivery Solutions Improve quality. Increase operational efficiency.

Medication safety will always be your top priority. With the Cardinal Health *R<sub>x</sub>e-source*<sup>™</sup> Remote Order Entry Service, you can ensure that every medication order is thoroughly reviewed by a hospital-trained pharmacist — any time, day or night. Prospective pharmacist review not only ensures continuity of care and operational efficiency, it also lets you spend more time with the people who matter most — your patients.

From the pioneers in remote order entry

Cardinal Health pioneered remote pharmacy services in 2003. Since then, we’ve been helping hospitals all over the country elevate their standard of care. Our pharmacists work from licensed pharmacy service centers across the country to ensure HIPAA compliance, support clinical collaboration and ensure availability through facility and technology redundancy.

Effective for patients and efficient for you

- Standardized tracking and reporting on productivity, quality and clinical metrics
- 20–30 percent less than the cost of hiring staff
- Turn-around time on orders is less than 20 minutes on average

Free up your pharmacists to  
**focus on patients**  
and reduce errors

# WELCOME

**W**elcome to Los Angeles and our 2013 Fall Hospital Pharmacy Conference! We are so glad that you are able to join us. Special thanks to Cardinal Health, our title sponsor. Their continued support is invaluable to the success of this event.

We are excited to continue our Supplier Showcases, open on Monday only from 12:00 noon – 4:00 PM in the San Diego Ballroom. This opportunity will give a few select supplier companies the chance to share their products, services and technology before the Reverse EXPO. Stop by to check it out – and if you are interested in having a showcase of your own next year, stop by the HCP table inside the Supplier Showcase to let us know.

As always, this conference features two Reverse EXPO sessions, sponsored by CareFusion, to help build relationships between providers and suppliers. During the Reverse EXPO sessions, the Pharmacy Directors and GPO Executives will host the booths while the suppliers walk through the expo hall. This unique event is a fun change of pace from traditional expo formats and provides the best networking opportunity for both providers and suppliers.

Over the next few days, our conference will provide you with numerous networking opportunities as well as educational sessions led by some of the top healthcare executives and speakers in the nation. Topics include “2013 C-Suite Agenda,” “Pharmacy Practice Model Initiative: Transforming Pharmacy Practice,” and “The Future of the Hospital Pharmacy.” We are also proud to present Mark Scharenbroich as our keynote speaker for an unforgettable session entitled “Nice Bike - Making Connections That Move People.”

We hope you find this conference to be informative and useful in helping you make the connection. If you need assistance at any time, please stop by the registration desk and we will be happy to help however we can.

Sincerely,

Jason Green  
Chief Sales Officer

**JASON GREEN**  
Chief Sales Officer  
Hilton Head, SC

Jason Green holds the post of Chief Sales Officer for Health Connect Partners. He has extensive experience in the healthcare industry, working in both large corporate environments and small start-up healthcare organizations. Jason's ability to relate to customers and colleagues has allowed him to foster many long-term relationships throughout the healthcare industry.

Jason and his wife, Dana, have two children, Max (10) and Ella Kate (3), who keep him dedicated to a busy social calendar. Max is focused on his golf game. He competed in the US Kids World Golf Tournament this summer in Pinehurst, NC. A learning experience for the entire family. Dad quickly realized that a caddie has no say in club selection. We have an exciting tour planned in 2014, with an invitation to play Innisbrook Golf Resort in Tampa, FL in early January. Ella Kate is involved with soccer, gymnastics, dance and anything that is music related. She loves to sing and can often be found with a microphone in her hand and dancing to the newest songs. During the

break in activity, Jason's golf game gets his attention. He was able to card his lowest nine hole score of 33 this summer followed by a back nine of 48. Jason is a graduate of Ohio University. He continues to support the Ohio State Buckeyes, Pittsburgh Steelers and Boston Red Sox and is a true Pittsburgh Penguins fan.

David Mason is Co-Founder and CEO of HCP. Prior to founding HCP, he was Founder and President of BCX Technology, Inc., a software automation company specializing in supply automation for acute care hospitals. He led the BCX team for eight years and sold the company in 2003 to Omnicell.

David and his wife, Tammy, have two wonderful children, Alexis (20) and Madison (13). An avid boater, he spends his time boating with his family, diving, lobster hunting, running, swimming and cycling. This past winter David got to mark something off his bucket list and rode a bobsled on the 2002 Olympic Bobsled Track where he reached speeds of about 80 mph, and experienced up to 5 Gs of force. This past August, David did something just as exciting (if not more), when he walked his little girl down the aisle. Alexis and Zac Morgan got married in Nashville, TN on August 10th, and David and Tammy could not be more excited to welcome Zac into their family. David is a graduate of Nashville State Technical Institute, Chairman of the Board for BCX Foundation (a nonprofit educational foundation for children), a Black Belt in Wado Ryu Karate and an Eagle Scout.

**DAVID MASON**  
Chief Executive Officer

Nelson Hendry, Co-Founder and President, works with the Providers and sales team at HCP. Prior to founding HCP, he served as Regional Vice President of Corporate Sales for Omnicell, working with large IDN Health Systems and the major GPOs. He was awarded the 2005 Salesman of the Year Award for Omnicell's Specialty Sales. Nelson graduated with a Bachelor of Science degree from Florida State University in 1981.

Nelson and his wife, Evelyn, have three boys. Joseph (25) is a video game artist in the X-Box Division at Microsoft and enjoys weight lifting in his spare time. Justin (23) is a graduate of M.I.T. in Cambridge, MA with a degree in Mechanical Engineering. He is employed in Business Development with a Texas based Healthcare Company. Taylor (10) is in the fifth grade in the gifted program at Brooker Creek Elementary and loves playing flag football, video games, Minecraft, Lacrosse and soccer.

# DINNER & ENTERTAINMENT

JOIN US AT THE **BELASCO THEATER**

Come prepared to eat & **drink the night away!**

On Tuesday night, join us for an unforgettable Los Angeles evening at the Belasco. Built in 1926, the theater opened with the stage version of *Gentlemen Prefer Blondes* – the first of many productions to grace the stage with stars like Humphrey Bogart and Helen Hayes. Over the decades, the theater served as a film set for everything from *The Prestige* to *Memoirs of a Geisha*. After a 20 year closure and a \$10 million dollar renovation, today the theater is a popular destination for celebrity photo shoots, filming, and private Hollywood events. Come prepared for the full red carpet treatment (including photo-ops with special guests), wonderful food and open bars.

After dinner, dust off your bellbottoms and get ready to boogie down to all your favorite hits from the 70s, including the Bee Gees, K.C. and the Sunshine Band, Donna Summer and many more. If you can still dig it, join us as we travel back in time with Grooveline for an hour of disco delight.

We'll close off the evening with the M-80s, a rockin' 80s new wave band covering everything from "Just Like Heaven" by the Cure to "The Safety Dance" by Men Without Hats. If you were a wild child of the 80s, don't forget your Members Only jackets and crimped hair. The M-80s won't!

Shuttles will run continuously between the Westin Bonaventure and The Belasco Theater from 5:45 pm - 10:00 pm.

## OPENING REMARKS AND KEYNOTE ADDRESS

8:00 AM - 9:30 AM • California Ballroom  
ACPE # 0761-9999-13-364-L04-P 1.5 credit hours

### Keynote Speaker: Mark Scharenbroich, CSP, CPAE

**N**ice Bike – Making Connections That Move People. Mix thousands of black leather, bandana wearing Harley-Davidson riders, one 100th year anniversary celebration and a beige Ford Taurus and you get the Nice Bike principle in action. Join author and business speaker Mark Scharenbroich as he takes us on a ride to building stronger and more meaningful connections in our personal and professional lives. Mark will inspire you, motivate you, and validate the importance of recognizing people to improve employee and team performance. Whether you are a team of one, or a team of one hundred, you will walk away from this keynote with a reinvigorated

spirit for what you do, as well as an appreciation of what the other team members around you do.

Part motivational speaker, part thought-provoker, and pure entertainer, Mark tells engaging stories on how to develop meaningful connections. Mark's credentials include: Emmy award winner; author of *Nice Bike: Making Meaningful Connections on the Road of Life*; inducted into the National Speaker's Association Hall of Fame; International film awards for his film, *The Greatest Days of Your Life... (so far)*.

### **LEARNING OBJECTIVES:**

*The Nice Bike principle will demonstrate the three powerful steps to develop stronger relationships in our work which result in:*

- Improved employee engagement
- Enhanced team collaboration
- Embracing innovation vs. the fear of change
- Fueling the passion to serve others
- Creating meaningful connections

# EDUCATIONAL SESSIONS

## TUESDAY OCTOBER 15

### EDUCATIONAL SESSION: 2013 C-SUITE AGENDA

9:45 AM - 11:45 AM • California Ballroom  
ACPE # 0761-9999-13-365-L04-P 2 credit hours

#### Speaker: Brandi Greenberg

For the past nine years, Brandi has helped grow the Advisory Board Company's offerings for non-hospital organizations, working with a broad cross-section of medical technology, biopharmaceutical, information technology, architecture, and health care services firms to enhance their understanding of the dynamic U.S. health care delivery landscape. She has authored several reports on provider-supplier relations, the economic downturn, and health care reform. Brandi also spent two years as a Senior Consultant with the Advisory Board's syndicated research division. Her research focused broadly on hospital revenue enhancement strategies, with a special emphasis on marketing, hospital-physician relationships, and customer service operations. She co-authored a report entitled Service Innovations in Specialty Care and has interviewed over 500 hospital executives, line managers, and vendors. Prior to assuming her current role, Brandi was a Practice Manager with the Los Angeles office of the Boston Consulting Group. Brandi received her MBA from the Stanford Graduate School of Business, where she graduated as an Arjay Miller scholar. She also holds an MA in Rhetoric from Duke University and an AB with honors in English and American Studies from Stanford University.

#### **LEARNING OBJECTIVES:**

*Upon completion of this session, participants will be able to:*

- Describe the election's impact to the bottom line of hospitals and healthsystems
- Describe the clinical and operational metrics that matter most to Hospital Pharmacy executives
- List the emerging opportunities to partner with provider organizations to achieve accountable care goals

#### **PLEASE NOTE:**

BE SURE TO HAVE YOUR NAME BADGE WITH YOU AND SCANNED BEFORE EACH EDUCATIONAL SESSION.  
CE CREDIT WILL BE AWARDED BASED ON BADGE SCANS PER SESSION.

## TUESDAY OCTOBER 15

### EDUCATIONAL SESSION: PHARMACY PRACTICE MODEL INITIATIVE: TRANSFORMING PHARMACY PRACTICE

1:00 PM - 2:30 PM • California Ballroom  
ACPE # 0761-9999-13-366-L04-P 1.5 credit hours

#### Speaker: Steven Nelson

Steven P. Nelson is the Director, Center on Pharmacy Practice Advancement at the American Society of Health-System Pharmacists, Bethesda, Maryland. Mr. Nelson is responsible for coordinating programs related to the Pharmacy Practice Model Initiative. This initiative is a joint initiative of ASHP and the ASHP Research and Education foundation and is focused on transforming the practice of pharmacy to enhance the role of the pharmacist in providing direct patient care services. Prior to joining ASHP in October 2012, Mr. Nelson was in a variety of administrative positions in the Department of Pharmaceutical Care at the University of Iowa Hospitals and Clinics in Iowa City, Iowa for more than 25 years. Prior to Iowa, he also served as Chief of Pharmacy Services at the VA Medical and Regional Office in Fargo, ND for six years. Mr. Nelson received his Bachelor's degree in Pharmacy from North Dakota State University and his Master's degree in Hospital Pharmacy from North Dakota State University. He completed his residency at the Veterans Administration Medical Center in Fargo, North Dakota.

#### **LEARNING OBJECTIVES:**

*Upon completion of this session, participants will be able to:*

- Discuss trends from the PPMI Hospital Self-Assessment Tool
- Describe PPMI implementation activities, resources and strategies
- Describe the ways in which the pharmacy profession must change to advance its patient care contribution
- Identify opportunities for pharmacists to participate in pharmacy practice model change activities

*Educational Review Systems is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmaceutical education. This program is approved for up to 6 hours (0.6 CEUs) of continuing pharmacy education credit. Proof of participation will be posted to your NABP CPE profile within 4 to 6 weeks to participants who have successfully completed the post-test. Participants must participate in the entire presentation and complete the course evaluation to receive continuing pharmacy education credit. ACPE # 0761-9999-13-364-L04-P to 0761-9999-13-376-L04-P*

# THANKS TO OUR SPONSORS

## CardinalHealth

Essential to care™

For information on future sponsorship opportunities, please visit Jason Green at the HCP booth in the expo hall.

# Innovative Delivery Solutions

## Find meaningful growth

Top-line impact, such as meaningful growth opportunities, cost savings, reimbursement capture and federal funding

## Fix inefficiencies

Remove operational obstacles and waste, minimize length of stay, optimize spend, and apply Lean strategies

## Fulfill quality care mission

Deliver on the mission of quality care to every patient through core measures, utilization, clinical outcomes, physician alignment and patient satisfaction

## Follow the patient

Patient outcomes and hospital compliance starts at pre-admission and continues post-discharge

### Inpatient and Outpatient Operations

Cardinal Health has over 40 years of expertise in helping healthcare providers align their agenda with pharmacy, thereby successfully institutionalizing the 4Fs to increase quality of patient care and boost financial benefits and patient outcomes.

### Drug Cost Control Solution

We help customers rapidly target the most effective pharmacy cost control efforts and monitor progress, as well as realize improvements in purchasing, formulary management and drug expenditure forecasting.

### CardinalASSIST® ADM Logistics

combines unique packaging and automated medication replenishment with user-friendly reporting to optimize inventory levels with multiple brands of automated dispensing machines (ADM).

### Cardinal Health Distribution

Through our Pharmaceutical Supply Chain business, we consolidate product orders from hundreds of manufacturers into pharmacy-specific deliveries for retail, hospital and alternate-site customers, to more than 33,000 locations.

### Cardinal Health Rx e-source™ Remote Order Entry Service

provides remote medication order entry and review by a hospital-trained pharmacist — anytime, day or night. Prospective pharmacist review not only ensures continuity of care and operational efficiency, it also lets you spend more time with the people who matter most — your patients.

**eRecovery** significantly reduces costs associated with the caring for the uninsured. eRecovery optimizes the value available through patient assistance programs. This means lower costs for hospitals and continued access to life-saving care for the most vulnerable patients.

### Population Health Management

is a patient-centric health management platform that incorporates new models of care coordination to reduce costs, improve outcomes and avoid performance penalties. It uses clinical pathways and actionable analytics to optimize medication management at every member touchpoint, especially for high-risk and chronic individuals.
