Build More Flexibility and Functionality into your Hybrid OR

Few places in a hospital have more complexity than the Hybrid operating room. The number of systems, devices, providers and vendors easily in the dozens!

Simplify your efforts with Banyan Medical Systems – the only leading edge OR integration partner able to turnkey your Hybrid room from beginning to end with one single solution – ControlOR. Why use two or three vendors and multiple integration systems, when you can harness the power of many with one – Banyan Medical Systems! And save time, money, and space, all without sacrificing form, function or flexibility.

Banyan’s Hybrid OR solution reduces complexity by seamlessly integrating:
• IT Applications such as PACS and Electronic Medical Records (EMR)
• Physiological and Hemodynamic Monitoring
• Live Imaging, including Endoscopes, C-arms, In-Lights and Room Cameras
• Peer-to-Peer Collaboration (Onsite or Abroad)

One Partner For All Your Hybrid Needs

Are you building a new Cath Lab or Hybrid OR? Stop by Suite 214 and learn how you can exceed your Hybrid needs all under one canopy – Banyan Medical Systems!
Welcome to Atlanta and our 2013 Hospital O.R. & Surgery Center Conference! We are so glad that you are able to join us. Special thanks to Banyan Medical Systems, our title sponsor. Their continued support is invaluable to the success of this event.

We are excited to introduce a new feature for our conference: Supplier Showcases, open on Wednesday only from 12:00 noon – 4:00 pm in Salon West. This new opportunity will give a few select supplier companies the chance to share their products, services and technology before the Reverse EXPO. Stop by to check it out, and if you are interested in having a showcase of your own next year, see us at the HCP table in the expo hall to let us know.

As always, this conference features two Reverse EXPO sessions, sponsored by CareFusion, to help build relationships between providers and suppliers. During the Reverse EXPO sessions, the O.R. Directors, Surgery Center Administrators and GPO Executives will host the booths while the suppliers walk through the expo hall. This unique event is a fun change of pace from traditional expo formats and provides the best networking opportunity for both providers and suppliers.

Over the next few days, our conference will provide you with numerous networking opportunities as well as educational sessions led by some of the top healthcare executives and speakers in the nation. Topics include “Healthcare Post Election,” “Every 1/2 Second Counts (Patient Safety)” and “Creating Virtual ASC’s in Inpatient Settings.” We are also proud to present Don Hutson as our keynote speaker for an entertaining session entitled “Leadership DOES Make the Difference!”

We hope you find this conference to be informative and useful in helping you make the connection. If you need assistance at any time, please stop by the registration desk and we will be happy to help however we can.

Sincerely,

Chris Cramer
Market Sales Manager

Title Sponsor

BANYAN MEDICAL SYSTEMS™
Integration that changes the way you operate
JASON GREEN
Chief Sales Officer
Hilton Head, SC

JASON GREEN holds the post of Chief Sales Officer for Health Connect Partners. He has extensive experience in the healthcare industry, working in both large corporate environments and small start-up healthcare organizations. Jason’s ability to relate to customers and colleagues has allowed him to foster many long-term relationships throughout the healthcare industry.

Jason and his wife Dana have two children, Max (10) and Ella Kate (3), who keep him dedicated to a busy social calendar. Ella Kate is involved with soccer, gymnastics, dance recitals and anything that is music related. She loves to sing and can often be found with a microphone in her hand and dancing to the newest songs. Max is dedicated to the game of golf. When not practicing on his short game, you can often find the Green family wagon trucking down I-95, heading to the nearest golf tournament in NC, SC or FL.

During the break in activity, Jason enjoys playing golf, snow skiing and boating. Jason took the thrill of his life down an ice track on a bobsled during a recent trip to Utah Olympic Park this past year. There is something to be said for someone who sits in a “metal cart” going 70 MPH and pulling 5 G’s down 5500 feet of track!

Jason is a graduate of Ohio University and supports the Ohio State Buckeyes, Pittsburgh Steelers and Boston Red Sox and is a true Pittsburgh Penguins fan.

DAVID MASON
Chief Executive Officer
Lebanon, TN

DAVID MASON is Co-Founder and CEO of HCP. Prior to founding HCP, he was Founder and President of BCX Technology, Inc., a software automation company specializing in supply automation for acute care hospitals. He led the BCX team for eight years and sold the company in 2003 to Omnicell.

David and his wife Tammy have two wonderful children, Alexis (20) and Madison (13). An avid boater, he spends his time boating with his family, diving, lobster hunting, running, swimming and cycling. This winter David got to mark something off his bucket list when he rode a bobsled on the 2002 Olympic Bobsled Track where he reached speeds of about 80 mph, and experienced up to 5 G’s of force. This summer David will be doing something just as exciting: walking his little girl down the aisle. Alexis will be getting married in Nashville, TN to Zach, and David and Tammy could not be more excited to welcome him into their family. David is a graduate of Nashville State Technical Institute, Chairman of the Board for BCX Foundation (a nonprofit educational foundation for children), a Black Belt in Wado Ryu Karate and an Eagle Scout.

NELSON HENDRY
President
Palm Harbor, FL

NELSON HENDRY, Co-Founder and President, works with the Providers and sales team at HCP. Prior to founding HCP, he served as Regional Vice President of Corporate Sales for Omnicell, working with large IDN Health Systems and the major GPOs. He was awarded the 2005 Salesman of the Year Award for Omnicell’s Specialty Sales. Nelson graduated with a Bachelor of Science degree from Florida State University in 1981.

Nelson and his wife Evelyn have three boys. Joseph (25) is a video game artist in the X-Box Division at Microsoft and enjoys weight lifting in his spare time. Justin (23) recently graduated from M.I.T. in Cambridge, MA with a degree in Mechanical Engineering. He is now employed in a Business Development with Texas based Healthcare Company. Taylor (10) is about to complete the fourth grade in the gifted program at Brooker Creek Elementary and loves playing flag football, video games and soccer.
There are few consistent and reliable outlets for obsolete disposable surgical supplies/implants

- Most contracted vendors today specialize in capital equipment. Soft Assets simply do not appeal to them.
- Soft Assets are buried on your books at over-inflated values.

Spirit of contracts are being twisted and losses are being hidden

- There is a distinct difference between reselling and liquidating.
- Too much attention is paid to savings at the time of purchase, while 10 - 15% of your entire med/surg budget is being thrown away because no one is addressing the fixed shelf-life disposables that are expiring on your shelves.

WestCMR is the market leader in purchasing obsolete disposable surgical supplies/implants

- WestCMR has specialized in disposable surgical supplies for over 16 years.
- WestCMR is qualified to provide you with realistic and accurate fair market value valuations.

WestCMR’s experience and reputation is stimulating change

- Major GPOs are working with WestCMR and recognize the impact our consultants can have on a facilities budget.
- Soft Assets are receiving more attention as a result of WestCMR’s Value Add to the Healthcare Supply Chain. CFOs across the country are finally addressing this with WestCMR’s help.

We Purchase Surgical Supplies for the Following Procedures:

- Energy
- Arthroscopy / Endoscopy
- Urology
- Hernia Repair
- GYN / Women’s Health
- Trauma
- General Surgery
- Orthopedics
- E.N.T.
- ** If you do not see a particular specialty, contact us today!**

COME PREPARED TO EAT & **drink the night away!**

On Thursday night, join us at the World of Coca-Cola, the only place where you can truly explore the fascinating story of the world’s best-known beverage brand. The World of Coca-Cola is the home of the 125-year-old secret formula for Coca-Cola and features more than 1,200 artifacts from around the world. Around every corner you’ll experience something new and inviting.

You can even give the 7-foot Coca-Cola Polar Bear a big hug! And the tasting experience, a World of Coca-Cola favorite, will give you a refreshing opportunity to sample over 60 different beverages from around the world. Come prepared to eat, drink, explore and dance the night away.

Shuttles will run continuously between the Hilton Atlanta and The World of Coca-Cola from 5:45 PM - 10:00 PM.

SPECIAL THANKS TO PDM HEALTHCARE FOR THEIR PREMIUM SPONSORSHIP OF EACH 2013 HCP CONFERENCE
THURSDAY MAY 2

OPENING REMARKS AND KEYNOTE ADDRESS

8:00 AM - 9:30 AM • Grand Ballroom
1.5 credit hours

Keynote Speaker: Don Hutson

Leadership DOES Make the Difference! We can no longer excel by doing what we have always done. Don will show you valuable tips on how to ensure positive team-member response to organizational change. In addition, there will be ideas on how you can inspire your reports to embrace an attitude of excellence and be more motivated for progress. True leaders have committed followers! Learn the power of the authorship principle to engage your people in your vision. The best leaders have a convincing win-win approach to new ideas and compelling changes.

Don Hutson worked his way through the University of Memphis, graduating with a degree in Sales. After becoming the #1 salesperson in a national training organization he established his own training firm. Don is CEO of U.S. Learning, Chairman of Executive Books and the author of twelve books, including The Sale, The Contented Achiever and his two Wall Street Journal and New York Times best sellers, The One Minute Entrepreneur and The One Minute Negotiator. Don is a past president of the National Speakers Association and has received its Cavett Award. He has also been inducted into NSA’s Speakers Hall of Fame.
Speaker: David Willis
Managing Director
The Advisory Board Company

David Willis is Managing Director of The Advisory Board Company’s Health System Performance Initiative. In this role he works with senior executives from the nation’s largest health systems to identify strategies and best practices for improving clinical quality, population health, revenue, and profitability in both today’s fee-for-service world and emerging accountable care models. During his tenure at The Advisory Board, Mr. Willis has held a variety of leadership roles, both as a senior faculty member and as a consultant in the firm’s research and insights division. He has worked with many of the nation’s leading hospitals and independent physician practices, as well as serving as senior faculty member for The Advisory Board’s international division. His research interests span the gamut of financial and clinical operations, from the economics of accountable care to best practices in reducing readmissions to optimizing patient throughput.

Prior to joining The Advisory Board Company, Mr. Willis served as Senior Vice President of Marketing and Strategy for The Infohrm Group, an IT firm providing business intelligence solutions to the Global 2000. Previously, Mr. Willis spent ten years with the Corporate Executive Board, a leading management consultancy. At CEB, he worked with more than 300 clients, including more than half of the Fortune 100, advising executive teams and boards of directors on organizational strategy, change management, and supply chain optimization. Mr. Willis has an MBA from Yale University and holds a BS in mechanical engineering from Carnegie Mellon University. He resides in Springfield, Virginia, with his wife and two children.
EDUCATIONAL SESSION: EVERY 1/2 SECOND COUNTS (PATIENT SAFETY)

1:00 PM - 2:30 PM • Grand Ballroom
1.5 credit hours

Speaker: Ridley Barron
Founder & President
Ridley Barron Ministries (RBH3, Inc)

Ridley Barron is internationally known speaker and tireless advocate for patient safety. He is also the Founder and President of Ridley Barron Ministries (RBH3, Inc), Inc. in Thompson Station, Tennessee. Carrying the power of personal experience, Ridley approaches the subject of patient safety as few can. His presentation is a significant one for every healthcare worker. From the new CNA to the seasoned CEO his powerful message leaves a lasting impression. Ridley’s story is one of hope, healing and a call for continued improvement in patient safety.

LEARNING OBJECTIVES:

• Recognize how to create a consumer/user friendly environment
• Demonstrate methods on how to make time for clients and their families: a patient first philosophy
• Present outcome diagnosis in an appropriate level of severity and transparency
• Communicate in language understandable to all clients and their families
• Demonstrate an increased awareness of individual patient concerns
• Create both family-centered and staff-centered

Educational Review Systems is an approved provider of continuing education in nursing by ASNA, an accredited provider by the ANCC/Commission on Accreditation. Provider # 5-115. This program is approved for up to six (6) hours of continuing nursing education.

Educational Review Systems is also approved for nursing continuing education by the state of California, the state of Florida and the District of Columbia.
EDUCATIONAL SESSION: CREATING VIRTUAL ASC’S IN INPATIENT SETTINGS

8:00 AM – 9:00 AM • Grand Ballroom
1 credit hour

Speaker: Dr. Faisal Rahman
President & CEO
APAC Group

Dr. Faisal Rahman is the President & CEO of APAC Group, which is comprised of several facilities. APAC Group includes Advanced Pain Management, Anesthesia Consultants, PC (physician practice with focus in chronic pain management), APAC Surgery Center (Joint Commission accredited multiple specialty surgery center), APAC Partners LLC (healthcare management company) along with other affiliated entities.

Learning Objectives:
• Describe the staffing and scheduling philosophies and practices of inpatient and outpatient surgery facilities
• Discuss how practices of outpatient surgery can be applied in inpatient settings to achieve operational efficiency as well as cost savings
• Identify a road map to get all stakeholders to buy in

Please Note:
Be sure to have your name badge with you and scanned before each educational session. CE credit will be awarded based on badge scans per session.
Over the past year, this committee volunteered their valuable time to help us create an outstanding agenda. We appreciate their energy and want to recognize this esteemed group for all their hard work. Without their expertise, this event would not have been possible.

</table>
Timely access to pre-surgical documentation & information is critical for a successful, profitable and efficient Hospital or Surgery Center.

Unfortunately, this seemingly basic element is a key failure point for many institutions which struggle to obtain and properly index patient information prior to scheduled surgeries, independent of any EMR’s or HIE’s that may be in place.

MMF Systems is renowned for its ability to solve this obstacle by effectively obtaining, indexing, and providing instant access to all pre-surgical patient information via the internet to OR staff.

Contact MMF today to learn how institutions nationwide are already saving valuable time, money and resources with MMF’s pre surgical information management solutions. Organization has never been this seamless.

Keep Your Operations Moving with Banyan

Coordinating surgical resources is one of the most challenging and unpredictable activities in a healthcare setting today! Timing is critical. Yet changes happen dozens of times daily affecting departmental workflow of patient throughput, quality of care and staff satisfaction. Banyan’s Whiteboard solution eliminates these workflow-halting issues and more!

Banyan’s Whiteboard intuitively displays real-time information for all stakeholders to easily see what’s going on at all times whether onsite or from a remote location—all without extra phone calls and pages, footsteps and cumbersome log-ins. Better yet, it’s affordable, provides a quantifiable ROI and that can be used within your existing footprint to leverage what is already in place.

Unlike a traditional grease or magnetic whiteboard, Banyan’s Whiteboard product delivers these benefits:

- Real-time resource assignments
- Real-time procedure status updates
- Streamlines workflow from perioperative to the sterile supply
- Accessible from anywhere
- Intuitive, staff-friendly user interface
- Highly customizable
- Secure
- Affordable
- Quantifiable ROI

Learn more about how Banyan Medical Systems is “transforming the way TOP surgical teams are operating” with our unique Whiteboard product and other revolutionary OR solutions—Visit us in our Hospitality Suite Room #214.
