Does Workflow Stop at Your Whiteboard?

Keep Your Operations Moving with Banyan

Coordinating surgical resources is one of the most challenging and unpredictable activities in a healthcare setting today! Timing is critical. Yet changes happen dozens of times daily affecting departmental workflow of patient throughput, quality of care and staff satisfaction. Banyan's Whiteboard solution eliminates these workflow-halting issues and more!

Unlike a traditional grease or magnetic whiteboard, Banyan's Whiteboard product delivers these benefits:

- Real-time resource assignments
- Real-time procedure status updates
- Streamlines workflow from admit to discharge
- Accessible from anywhere
- Integrated room camera viewing
- SMS text updates
- Intuitive, staff-friendly user interface
- Highly customizable
- Secure
- Affordable
- Quantifiable ROI

BANYAN MEDICAL SYSTEMS™
Inspiration.Innovation.Integration.

at our Hospitality Suite - Studio Mills 3!

Schedule a demo @ 866-225-7790

Welcome to St. Louis and our 2014 Hospital O.R. & Surgery Center Conference! We are so glad that you are able to join us. Special thanks to Banyan Medical Systems, our title sponsor. Their continued support is invaluable to the success of this event.

We are excited to share that our Supplier Showcases continue to grow! They are open on Wednesday only from 12:00 noon – 4:00 pm in Regency C. This opportunity will give a few select supplier companies the chance to share their products, services and technology before the *Reverse EXPO*. Stop by to check it out, and if you are interested in having a showcase of your own next year, see us at the HCP table in the expo hall to let us know.

As always, this conference features two *Reverse EXPO* sessions, sponsored by VCS, to help build relationships between providers and suppliers. During the *Reverse EXPO* sessions, the Hospital O.R. Directors and Surgery Center Administrators, along with GPO Executives will host the booths while the suppliers walk through the expo hall. This unique event is a fun change of pace from traditional expo formats and provides the best networking opportunity for both providers and suppliers.

Over the next few days, our conference will provide you with numerous networking opportunities as well as educational sessions led by some of the top healthcare executives and speakers in the nation. Topics include "Healthcare State of the Union" "Patients Come Second" and "LEAN in the OR - Highlights & Lessons Learned." We are also proud to present Shep Hyken, *CSP, CPAE* as our keynote speaker for an entertaining session entitled "The Amazement Revolution."

We hope you find this conference to be informative and useful in helping you make the connection. If you need assistance at any time, please stop by the registration desk and we will be happy to help however we can.

Sincerely,

Chris Cramer
Market Sales Manager

HEALTH CONNECT PARTNERS

JASON GREEN
Chief Sales Officer
Hilton Head, SC

Jason Green holds the post of Chief Sales Officer for Health Connect Partners. He has extensive experience in the healthcare industry, working in both large corporate environments and small start-up healthcare organizations. Jason's ability to relate to customers and colleagues has allowed him to foster many long-term relationships throughout the healthcare industry.

Jason and his wife Dana have two children, Max (11) and Ella Kate (4), who keep him dedicated to a busy social calendar. Ella Kate is involved with soccer, gymnastics, dance recitals and anything that is music related. She loves to sing and can often be found with a microphone in her hand, singing and dancing to the newest hip songs. Max is involved in many sporting activities: soccer, hockey, basketball. Max's true passion is golf. When not doing his homework, he can be found with his bag and clubs at the course working on his game. Exciting times ahead as we look to qualify again for the US Kids World Tournament in Pinehurst, NC as well as the Jay Haas Thornblade Golf Tournament later this summer.

During the break in activity, Jason enjoys playing golf, snow skiing, and anything that involves water. He is actively involved in his community serving on many charitable volunteer boards. Jason is a graduate of Ohio University. He has an exciting year planned and looks forward to knocking off a few items on his bucket list: Pebble Beach, anyone?

David Mason is Co-Founder and CEO of HCP. Prior to founding HCP, he was Founder and President of BCX Technology, Inc., a software automation company specializing in supply automation for acute care hospitals. He led the BCX team for eight years and sold the company in 2003 to Omnicell.

David and his wife Tammy have two wonderful children, Alexis (20) and Madison (13). Alexis is married to Zac Morgan and they live in Johnson City, TN where Zac attends physical therapy school at East Tennessee State University. Madison stays busy with music lessons and is very good at piano. An avid boater, David spends his time boating with his family, fishing, diving, lobster hunting, spear fishing, running, swimming and cycling. David enjoys Corvettes and participates in autocross events in his 2007 Corvette with his local Corvette club. David is a graduate of Nashville State Technical Institute, Chairman of the Board for BCX Foundation (a nonprofit educational foundation for children), a Black Belt in Wado Ryu Karate and an Eagle Scout.

DAVID MASON
Chief Executive Officer
Lebanon, TN

NELSON HENDRY
President
Palm Harbor, FL

Nelson Hendry, Co-Founder and President, oversees the Providers registrations and participation at all HCP Conferences. Prior to founding HCP, he served as Regional Vice President of Corporate Sales for Omnicell, working with large IDN Health Systems and the major GPOs. He was awarded the 2005 Salesman of the Year Award for Omnicell's Specialty Sales. Nelson graduated with a Bachelor of Science degree from Florida State University in 1981.

Nelson and his wife Evelyn have three boys. Joseph (26) is a 3D video game artist at Pocket Gems in San Francisco, and enjoys weight lifting in his spare time. Justin (24) is a recent M.I.T. Graduate with a degree in Mechanical Engineering and is now an equity stock trader at KTG Trading Group in Austin, TX. Taylor (11) is about to complete the fifth grade in the gifted program at Brooker Creek Elementary and loves playing flag football, video games, and soccer. He will start 6th grade at Berkley Prep in Tampa in the Fall.

Timely access to pre-surgical documentation & information is critical for a successful, profitable and efficient Hospital or Surgery Center.

Unfortunately, this seemingly basic element is a key failure point for many institutions which struggle to obtain and properly index patient information prior to scheduled surgeries, independent of any EMR's or HIE's that may be in place.

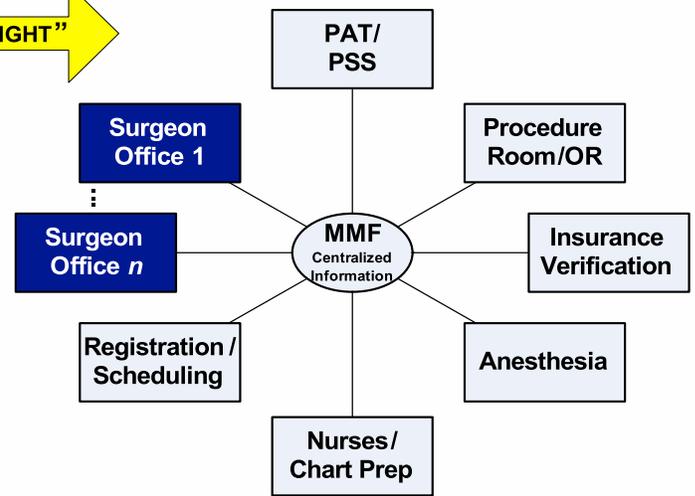

MMF Systems is renowned for its ability to solve this obstacle by effectively obtaining, indexing, and providing instant access to all pre-surgical patient information via the internet to OR staff.

Hospital Without MMF

Resource Intensive

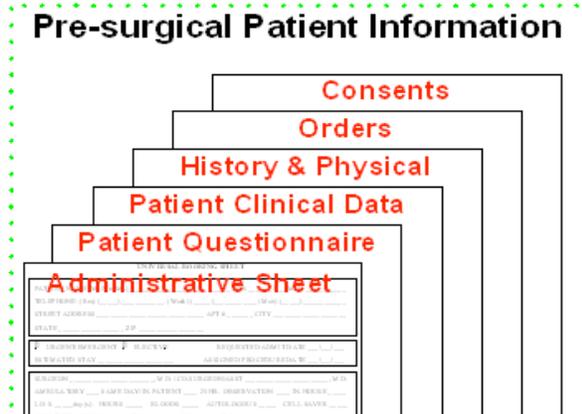

Hospital With MMF

Resource Efficient

Contact MMF today to learn how institutions nationwide are already saving valuable time, money and resources with MMF's pre surgical information management solutions.

Organization has never been this seamless.

THURSDAY MAY 1

OPENING REMARKS AND KEYNOTE ADDRESS

8:00 AM - 9:30 AM • Regency Ballroom
1.5 credit hours

Keynote Speaker: Shep Hyken, CSP, CPAE

Shep Hyken is a customer service expert, professional speaker and bestselling author who works with companies and organizations who want to build loyal relationships with their customers and employees. His articles have been read in hundreds of publications, and he is the bestselling author of *Moments of Magic*, *The Loyal Customer*, *The Cult of the Customer* and *The Amazement Revolution*. He is also the creator of The Customer Focus program which helps clients develop a customer service culture and loyalty mindset. In 1983, Shep founded Shepard Presentations and since then has worked with hundreds of clients ranging from Fortune 100 size organizations to companies with less than 50 employees. Some of his clients include American Airlines, AAA, Anheuser-Busch, AT&T, AETNA, Abbot Laboratories, American Express – and that’s just a few of the

LEARNING OBJECTIVES:

During this powerful session, attendees will learn:

- The difference between satisfied “customers” and loyal “customers”
- The importance of managing “interactions” with your “customers” (*Moments of Truth*, *Moments of Misery™* and *Moments of Magic®*)
- Specific tactics and tools that will help you and your team deliver an amazing service experience

A’s! He has been inducted into the National Speakers Association Hall of Fame for lifetime achievement in the speaking profession. He is known for his high-energy presentations, which combine important information with entertainment to create exciting programs for his audiences.

THURSDAY MAY 1

EDUCATIONAL SESSION: HEALTHCARE STATE OF THE UNION

Speaker: David Willis

Vice President

Health System Strategy

David Willis is the Vice President of Health System Strategy and Executive Education at The Advisory Board Company. In this role he works with boards and executive teams from health systems across the country to identify strategies for improving clinical quality, population health, revenue, and profitability as organizations transition from fee-for service to value-based care delivery. David is a featured speaker at the firm's annual meeting series for CEOs. He also oversees the firm's Health System Performance Initiative, in which he convenes working groups of senior executives from the nation's largest health systems to share insights and best practices in the areas of system integration, business model and care model transformation, physician alignment, and patient engagement. During his tenure at The Advisory Board, Mr. Willis has held a variety of leadership roles, both as a senior faculty member and as a consultant in the firm's research and insights division. He has also served as senior faculty member for The Advisory Board's international division.

Prior to joining The Advisory Board Company, Mr. Willis served as Senior Vice President of Marketing and Strategy for The Infohrm Group, an IT firm providing business

intelligence solutions to the Global 2000. Previously, Mr. Willis spent ten years with the Corporate Executive Board, a leading management consultancy. At CEB, he worked with more than 300 clients, including more than half of the Fortune 100, advising executive teams and boards of directors on organizational strategy, change management, lean/six sigma, and supply chain optimization. Mr. Willis has an MBA from Yale University and holds a BS in mechanical engineering from Carnegie Mellon University. Originally from Boston, he has lived in Northern Virginia for the past 16 years, but remains a diehard Red Sox fan.

LEARNING OBJECTIVES:

- Describe the forces constraining price growth, volume growth, and revenue growth for surgery programs across the US.
- Compare and contrast strategies employed by those programs that are growing in this environment, to understand the critical success factors for each.
- Provide examples of how successful surgery programs are creating value over a longer time horizon (such as an entire episode of care), and understand how doing so requires much greater integration between vendors, surgery programs, and post-acute care providers.

THURSDAY MAY 1

EDUCATIONAL SESSION: PATIENTS COME SECOND

1:15 PM - 2:30 PM • Regency Ballroom
1.25 credit hours

Speaker: Paul Spiegelman

Chief Culture Officer
Stericycle

Paul Spiegelman is Chief Culture Officer of Stericycle, a NASDAQ listed global services organization with 13,000 employees and is the Founder of BerylHealth and The Beryl Institute. Paul also co-founded the Inc. Small Giants Community, an organization that brings together leaders who are focused on values-based business principles. Paul was honored with the Ernst & Young 2010 Entrepreneur of the Year award.

Paul is a sought-after speaker and author on leadership, employee engagement, entrepreneurship, corporate culture, and customer relationships. He makes frequent radio and TV appearances and writes columns on culture for Inc. Magazine and the Dallas Business Journal. He's written several books on employee engagement and is the New York Times best-selling author of *Patients Come Second: Leading Change by Changing the Way you Lead*. Paul practiced law for two years prior to founding BerylHealth. He holds a bachelor's degree in history from UCLA and a law degree from Southwestern University.

LEARNING OBJECTIVES:

- Understand that engaged employees first and foremost are a driver in an overall patient experience strategy
- Learn to lead through your mission, vision, values
- How to integrate fun into the workplace
- How to develop a program to show employees you care
- The importance of getting involved in the community
- Learn the importance of hiring for Fit
- Understand the value of measuring employee engagement

Educational Review Systems is an approved provider of continuing education in nursing by ASNA, an accredited provider by the ANCC/Commission on Accreditation. Provider # 5-115. This program is approved for up to 5.75 hours of continuing nursing education. Educational Review Systems is also approved for nursing continuing education by the state of California, the state of Florida and the District of Columbia.

FRIDAY MAY 2

EDUCATIONAL SESSION: LEAN IN THE OR - HIGHLIGHTS & LESSONS LEARNED

8:00 AM - 9:00 AM • Regency Ballroom
1 credit hours

Speaker: Lewis Lefteroff

As a Lean Master and Six Sigma Black Belt, Lewis is an expert in driving transformational improvements in quality, cost and timeliness. Lewis has led teams to improvements across the hospital setting, including Operating Rooms, Central Sterile Processing, Laboratory Services, Pharmacy, Diagnostic Imaging, ambulatory care, and others. While Lewis continues to work across the healthcare spectrum, he has been repeatedly drawn into perioperative services, with experience at each stage of the value stream including surgical clinics, preadmissions testing, multiple aspects of the operating environment, and sterile processing, and spanning both traditional and pediatric environments. With his combination of deep experience and visible passion for improvement, Lewis continues to be a sought after speaker nationally and internationally. Drawing from his own management experiences, Lewis has been a pioneer in addressing the challenges of “managing in a Lean environment.” In addition to project management and change management at the department/process levels, he works with senior executives to align their strategies for driving process improvement and changing culture across the larger organization.

LEARNING OBJECTIVES:

During this powerful session, attendees will learn:

- Key Lean concepts in relation to the OR and SPD
- Real-world examples of improvements across the OR and SPD
- How to identify and plan for common challenges in driving improvement

PLEASE NOTE:

BE SURE TO HAVE YOUR NAME BADGE WITH YOU AND SCANNED BEFORE EACH EDUCATIONAL SESSION.
CE CREDIT WILL BE AWARDED BASED ON BADGE SCANS PER DAY.

Over the past year, this committee volunteered their valuable time to help us create an outstanding agenda. We appreciate their energy and want to recognize this esteemed group for all their hard work. Without their expertise, this event would not have been possible.

THE UNIQUE REVERSE EXPO

In the Reverse EXPO sessions, Hospital O.R. Directors and Surgery Center Administrators, along with GPO Executive host exhibit tables while suppliers walk through the hall. This unique event is a fun change of pace from traditional expo formats and provides the best networking opportunity for both providers and suppliers.

On the next page, you will find a map outlining the location of each booth in the hall. Please refer to the list of specific booth assignments (pages 20 - 25) to locate each provider executive during the Reverse EXPO.

Does Workflow Stop at Your Whiteboard?

Keep Your Operations Moving with Banyan Medical Systems

Banyan's Whiteboard intuitively displays real-time information for all stakeholders to easily see what's going on at all times whether onsite or from a remote location—all without extra phone calls and pages, footsteps, and cumbersome log-ins. Better yet, it's affordable, provides a quantifiable ROI that can be used within your existing footprint to leverage what is already in place.

“ When I think of Return on Investment, I think about OR utilization, throughput, the ability to communicate effectively to be able to manage a department. A lot of different pieces of the puzzle have to come together in order to make this an effective system. Banyan ties that together for everybody. I will tell you... it's paid for itself tenfold. ”

Charles Laird - Chief Operating Officer of Clear Lake Regional Medical Center (Webster, TX)

“ As far as gaining efficiency, Whiteboard has saved thousands of phone calls in the year that we've had it. Because anytime anyone needs to know that we've added a case, or cancelled a case, or delayed a case—we had to make innumerable phone calls. The physician, the operating room assistants, the pre-op department, the sterile processing- all of those phone calls have been eliminated. That's just huge. ”

Kim Swails - Perioperative Services Operations Manager at Good Samaritan Hospital (Kearney, NE)
