CONFERENCE | SPRING 15

INTERSYSTEMS

“Aggregated and
normalized patient data?”
Frank just feels better.

HealthShare transforms care by sharing health information

A HealthShare Success Story: Rhode Island Quality Institute

Using InterSystems HealthShare®, the Rhode Island Quality Institute’s health information exchange, CurrentCare, is helping everyone get the results they need. Patients are getting the safe quality care they need to feel better. Doctors and nurses are getting the information they need, when, where, and how they need it, to make the best care decisions.

“Aggregated and normalized patient data”? That’s one of many HealthShare capabilities for solving your toughest healthcare IT challenges.

Read a case study on Rhode Island Quality Institute and CurrentCare at InterSystems.com/Patient1HCP

“The comprehensive patient record we’re building with HealthShare is giving providers across the state the information they need to deliver the best care.”

Laura Adams,
President & CEO
Rhode Island Quality Institute

INTERSYSTEMS®

We are happy to have you with us at our 2015 Spring Hospital & Healthcare I.T. Conference here in sunny Orlando, FL! This conference is a perfect platform to network and connect, develop business relationships, be inspired by thought-provoking education, and discover new technology products. Special thanks to InterSystems, our title sponsor, for their continued support of this unparalleled event.

Over the next few days, our conference will provide you with numerous networking opportunities as well as educational sessions with topics including "CDI," "Cybersecurity Threats in the Healthcare Industry," and "Health Technologies for Population Health." We are also proud to present Lt. Col Rob "Waldo" Waldman as our keynote speaker for a powerful session entitled "Never Fly Solo."

As always, this conference features two Reverse EXPO sessions (Tuesday afternoon & Wednesday morning), sponsored by Perceptive Software, where the Hospital I.T. and GPO Executives host the booths while the suppliers walk through the expo hall. Don't miss the Supplier Showcase, open on Monday only from 12:00 noon – 4:00 pm in Oceans Ballroom. Stop by to check it out, and if you are interested in having a showcase of your own at the next conference, visit the HCP table in the expo hall to let us know.

Last but certainly not least, I am excited to announce a new conference model that we are launching this fall. Two events – our **2015 Fall Hospital & Healthcare I.T. Conference** and our **2015 Fall Radiology & Imaging Conference** – will be held over one set of dates: **October 5 – 7, 2015**. Registering for both conferences will give you the opportunity to network simultaneously with up to 125 Hospital CIOs & IT Executives and up to 75 Hospital Radiology & Imaging Directors, including over 8 hours of Reverse EXPO time. This allows you to make even more connections without spending any additional time out of the office. Stop by the HCP table in the expo hall to learn more about how it works.

If you need assistance at any time, our staff at the registration desk are happy to help.

Chris Cramer
Director of Sales

INTERSYSTEMS

HEALTH CONNECT PARTNERS

JASON GREEN
Chief Sales Officer
Hilton Head, SC

Jason Green holds the post of Chief Sales Officer for Health Connect Partners. He has extensive experience in the healthcare industry, working in both large corporate environments and small start-up healthcare organizations. Jason's ability to relate to customers and colleagues has allowed him to foster many long-term relationships throughout the healthcare industry. He loves spending time with customers and engaging about their business, families and ways he can be helpful.

Jason and his wife Dana have two children, Max (11) and Ella Kate (5), who keep him dedicated to a busy social calendar. Ella Kate is involved with dance, gymnastics, cheerleading and ballet. She loves dressing up and raiding the closet for mom's newest outfits, shoes and hats. Max has kicked off his 2015 golf tour with his first tournament at Innisbrook Golf Club just outside of Tampa, FL. He will continue to advance through to many tournaments in many exciting golf resorts in NC, FL, GA and VA. When not studying, he can be found with his clubs and fishing pole heading to the course or tormenting the local alligator in a nearby pond.

During the break in activity, Jason enjoys playing golf, fishing, snow skiing and anything that involves water. This past year he found a new passion for fly fishing as he spent 10 days fishing in the beautiful rivers of the North Carolina Mountains. He is actively involved in his community serving on several charitable volunteer boards. Jason is a graduate of Ohio University. He continues to cheer for the Pittsburgh Steelers, Boston Red Sox, Ohio State Buckeyes and most recently made the switch to the SEC South Carolina Gamecocks.

David Mason is Co-Founder and CEO of Health Connect Partners. Prior to founding HCP, he was Founder and President of BCX Technology, Inc., a software automation company specializing in supply automation for acute care hospitals. He led the BCX team for eight years and sold the company in 2003 to Omnicell.

David and his wife Tammy have two wonderful children, Alexis (21) and Madison (14). Alexis is married to Zac Morgan and they live in Johnson City, TN, where they both attend physical therapy school at East Tennessee State University. Madison stays busy with music lessons and is very good at piano. An avid boater, David spends his time boating with his family, fishing, diving, lobster hunting, spear fishing, running, swimming and mountain bike riding. David enjoys Corvettes and participates in autocross events in his 2007 Corvette with his local Corvette club. David is a graduate of Nashville State Technical Institute, Chairman of the Board for BCX Foundation (a nonprofit educational foundation for children), a Black Belt in Wado Ryu Karate and an Eagle Scout.

DAVID MASON
Chief Executive Officer
Lebanon, TN

Nelson Hendry, Co-Founder and President, oversees the Providers registration and participation at all HCP Conferences. Prior to founding HCP, he served as Regional Vice President of Corporate Sales for Omnicell, working with large IDN Health Systems and the major GPOs. He was awarded the 2005 Salesman of the Year Award for Omnicell's Specialty Sales. Nelson graduated with a Bachelor of Science degree from Florida State University.

Nelson and his wife Evelyn have three boys. Joseph (26) is a 3D video game artist at Pocket Gems in San Francisco, and enjoys weight lifting in his spare time. Justin (24) is a recent M.I.T. Graduate with a degree in Mechanical Engineering and is now an equity stock trader at Kershner Trading Group in Austin, TX. Taylor (12) is in 6th grade at Berkeley Prep School in Tampa and is a soccer player, fantasy and flag football enthusiast, and loves to do any kind of fishing.

DINNER & ENTERTAINMENT

JOIN US AT SEAWORLD'S PORTS OF CALL

On Tuesday night, dress in your favorite Aloha attire and join us for a relaxing Caribbean-themed escape at SeaWorld's Ports of Call. Ports of Call, a nautical wharf-side warehouse district inside SeaWorld Orlando's theme park, is one of the city's premier private event venues set in a lush, tropical landscape complete with waterfalls and two miniature submarines. With live animal experiences, rock n' roll dueling pianists from Howl at the Moon, fantastic food, and an open bar, come prepared for a wonderful night of networking and entertainment.

Trams will run continuously between the Renaissance Orlando at SeaWorld and Ports of Call from 5:50 pm - 10:00 pm.

SPONSORED BY

Over the past year, this committee volunteered their valuable time to help us create an outstanding agenda.

We appreciate their energy and want to recognize this esteemed group for all their hard work.

Without their expertise, this event would not have been possible.

TUESDAY MARCH 3

OPENING REMARKS AND KEYNOTE ADDRESS

8:00 AM - 9:30 AM • CRYSTAL BALLROOM
1.5 hours

KEYNOTE SPEAKER: Lt. Col Rob "Waldo" Waldman

Flying solo? You might think so. But take a good look around...you have support staff. You have managers. You have suppliers and distributors. And you have colleagues, family members and significant others. By placing your trust in those around you — you can overcome obstacles, adapt to change, serve your customer and achieve success during adverse times. **By placing your trust in your Wingmen and by being a Wingman to others, there is no mission you can't complete in business or life.**

Lt. Col. Rob "Waldo" Waldman overcame a lifelong battle with claustrophobia and a fear of heights to become a combat decorated U.S. Air Force fighter pilot and highly successful businessman and entrepreneur. His motto is **Winners Never Fly Solo!**

Through his captivating personal and business related stories and high energy videos, learn how you, like a fighter pilot, can succeed in highly competitive and demanding environments. Discover how to prepare diligently for every mission; employ loyal Wingmen to promote integrity and trust; and lead your team with courage, compassion and conviction. Be inspired to take to the skies knowing that you have

Wingmen to help you face challenges and change with confidence while maximizing your potential in all aspects of your life.

LEARNING OBJECTIVES:

At the completion of this activity, the participant will be able to:

- Employ Loyal Wingmen to Promote Communication, Integrity, and Trust
- "Check-6" to Develop a Culture of Teamwork and Mutual Support
- "Chair-Fly" Sales Missions to Increase Revenues
- Transform Relationships into Revenue
- Convert Fear into Focus
- Lead with Courage and Compassion

TUESDAY MARCH 3

CDI PANEL DISCUSSION - PART 1

9:45 AM - 10:45 AM • Crystal Ballroom
2 hours / Parts 1 & 2

Moderator: Patrick Lowry, AVP Technology Innovation, HealthTrust Purchasing Group

Panelists:

Marion G. Kruse

Marion Kruse brings extensive expertise in clinical documentation, ICD-10-CM/PCS, and Medicare regulations to her role as Senior Managing Director of Clinical Services at Precyse. She applies her strong consulting background in order to lead the Precyse clinical services organization. She has a diverse healthcare background with experience in a wide range of clinical and revenue cycle areas. In addition to her experience as a bedside, recovery room nurse and utilization case manager, she has knowledge of medical records, coding, charge analysis, patient accounts and billing compliance.

Kerry Martin

Kerry Martin has over 25 years' experience building and managing companies that provide innovative solutions for all types of healthcare organizations. In 2011, as CEO of VitalWare, he turned his focus to ICD-10, specifically the implications the new code set would bring to clinical documentation. Together with a team of physicians and certified coders, he created a physician documentation ontology that will help bridge the gap between what physicians say or document, and what coders need to code, whether in ICD-9 or ICD-10.

Sri Srinivasan

As a Global Industry Leader - Healthcare, Sri Srinivasan helps drive IBM's Big Data analytics practices within IBM's Healthcare & Life Sciences vertical. In this role, he helps establish, expand and deliver big data analytic solutions to IBM clients worldwide to satisfy with the evolving needs of a global marketplace when it comes to healthcare transformation.

LEARNING OBJECTIVES:

At the completion of this activity, the participant will be able to:

- Understand the importance and scope of a clinical documentation improvement program
- Articulate how emerging capabilities (e.g. natural language processing) could be incorporated into a CDI strategy
- Review best practices and lessons learned from industry activities
- Be equipped to champion and communicate the value of a CDI initiative within their organization

Melinda Tully, MSN, CCDS, CDIP

Melinda Tully is the Vice President, Clinical Services & Education at J. A. Thomas and Associates (now a division of Nuance). Mel has extensive experience as a provider in multiple healthcare arenas, a clinical manager in a large academic facility, and as an expert in clinical documentation improvement (CDI).

CDI PANEL DISCUSSION - PART 2

11:00 AM - 12:00 PM • Crystal Ballroom
2 hours / Parts 1 & 2

TUESDAY MARCH 3

CYBERSECURITY THREATS IN THE HEALTHCARE INDUSTRY

1:15 PM - 2:30 PM • Crystal Ballroom
1.25 hours

Speaker: Mac McMillan, FHIMSS, CISM

Chairman, CEO & Co-Founder
Cynergistek

Mac McMillan is co-founder and CEO of CynergisTek, Inc., an authority in information security, privacy, audit and regulatory compliance in healthcare. He is the current Chair of the HIMSS Privacy & Security Policy Task Force. Mac brings nearly 40 years of combined intelligence, security countermeasures and consulting experience from both government and private sector positions and has worked in the healthcare industry since his retirement from the federal government in 2000. He served as Director of Security for two separate Defense Agencies, and sat on numerous interagency intelligence and security countermeasures committees while serving in the U.S. government.

Mac is a thought leader in compliance, security and privacy issues in healthcare, contributing to several industry trade publications, blogs and newsletters. He sits on several advisory boards, including CHIME, AEHIS, HIT Exchange and HealthTech Industry, as well as HCPro Editorial Advisory Board and HealthCare's Most Wired™ Survey Advisory Board. He presents regularly at national conferences and regional events, and was a contributing author to the HIMSS book, *Information Security in Healthcare: Managing Risk*. He was recognized in 2012 as a HIMSS Fellow and as one of the top ten health information security influencers of 2013. Mac

holds a Master of Arts degree in National Security and Strategic Studies from the U.S. Naval War College and a Bachelor of Science degree in Education from Texas A&M University. He is also a graduate of the of the Senior Officials in National Security program at the J.F. Kennedy School of Government at Harvard University.

LEARNING OBJECTIVES:

At the completion of this activity, the participant will be able to:

- Hear about the latest trends and threats in healthcare cybersecurity
- Understand the biggest challenges these threats pose to healthcare organizations
- Learn what regulatory agencies are doing to address cybersecurity challenges

WEDNESDAY MARCH 4

HEALTH TECHNOLOGIES FOR POPULATION HEALTH

Improving Community Health by Putting the Patient in the Middle

8:00 AM - 9:00 AM • Crystal Ballroom
1 hour

Elsevier
Clinical Solutions

Speaker: KENDRA SILER-MARSIGLIO, PhD, HCC

President

CommunityHealth IT

Kendra Siler-Marsiglio is the Director of Rural Health Partnership, a federally-designated Rural Health Network with a \$900,000 federal grant to bring Florida-based safety net providers to MU2. She works with over 50 organizations to coordinate HIT projects that systematically expand broadband and facilitate patient-centered health information exchange. As part of the national VA

"Veteran Initiated Electronic Care Coordination" (VIECC) project supported by the White House Rural Council, she works closely with the North Florida/South Georgia VA Health as the civilian lead to bridge the gap between the civilian and veteran healthcare delivery systems. Kendra is the recipient of an ONC 2013 Critical Access and Rural Hospital Champion Award.

LEARNING OBJECTIVES:

At the completion of this activity, the participant will be able to:

- Describe what health technology "building blocks" are needed to achieve population health for new payment methods and care coordination
- Describe how health technologies enhance the role of care coordination teams in population health
- Understand how electronic communications with patients enhance population health

PLEASE NOTE:

BE SURE TO HAVE YOUR NAME BADGE SCANNED BEFORE EACH EDUCATIONAL SESSION. CE CREDIT WILL BE AWARDED BASED ON BADGE SCANS PER SESSION.

This program is approved for up to 5.75 continuing education (CE) hours for use in fulfilling the continuing education requirements of the Certified Professional in Healthcare Information & Management Systems (CPHIMS) and the Certified Associate in Healthcare Information & Management Systems (CAHIMS).

OCEANS BALLROOM

Session 1: Tuesday, March 3, 3:00 PM - 5:00 PM

Session 2: Wednesday, March 4, 9:30 AM - 11:30 AM

In the Reverse EXPO sessions, Hospital CIOs, CMIOs, CNIOs & IT Directors, along with GPO Executives, host exhibit tables while suppliers walk through the hall. This unique event is a fun change of pace from traditional expo formats and provides the best networking opportunity for both providers and suppliers.

On the next page, you will find a map outlining the location of each booth in the hall. Please refer to the list of specific booth assignments (pages 20 - 27) to locate each provider executive during the Reverse EXPO.

THANKS TO OUR TITLE SPONSOR

INTERSYSTEMS

The interoperability to engage communities

We offer a platform for Strategic Interoperability.

Our technology is essential if you want to make breakthroughs in strategic initiatives such as coordinating care, managing population health, and engaging with patient and physician communities.

Add our HealthShare platform to your EMRs.

InterSystems HealthShare® will give you the ability to link all your people, processes, and systems – *and* to aggregate, analyze, and share all patient data. With HealthShare, your clinicians and administrators will be able to make decisions based on complete records and insight from real-time analytics.
