Leadership Isn't For Cowards, How to Lead Courageously in a Turbulent Age

Mike Staver

We live in an age when it is more and more challenging to manage all of the information, demands and challenges that are coming at us. It takes real courage to stand firm in what you believe and then to get your followers to understand what really matters and how to execute effectively. Your ability to influence your followers is key to every step of creating significant results. Courage is the key element in that process.

Mike Staver is an internationally respected coach and speaker. He has been interviewed for many publications on his signature speaking and writing topic "Leadership Isn't for Cowards" and how to build high performance firms and his new book with the same title released in 2013. With a master's degree in counseling psychology and a bachelor's degree in business administration, he has found a way to make complex ideas simple, memorable and immediately applicable. He is a Certified Speaking Professional (CSP), a designation held by fewer than 10% of the members belonging to the International Federation for Professional Speakers. Mike is a best-selling author and award winning speaker.

Some of his work has been recognized by Training magazine as top 10 in the world and he has been recognized by Meetings and Conventions Magazine as one of the 40 hottest speakers in America. He has conducted industry-specific research on the traits that make leaders thrive and has had those findings built into a one of a kind national leadership certification.

Learning objectives:

After attending this presentation, attendees will learn:

- The real definition of courage
- The three most important steps you will ever take
- The power of commitment
- What your followers do, really do, when you are not around
- The primary motivator of all people
- The three things every leader can do to insure leadership failure
- The importance of high gain activity and how to do more of it
- Six steps that will insure effective execution

Opioid Stewardship Initiative

David Silverman, Pharm.D, BCPS, BCCCP

David Silverman is currently the Corporate Clinical Pharmacy Director for Prime Healthcare. He graduated from Rutgers University, Ernest Mario School of Pharmacy in 2012 and completed a PGY1 Pharmacy Practice Residency at Hackensack University Medical Center. He has since worked as an Emergency Medicine pharmacy at Clara Maass Medical Center in Belleville, NJ and as a Critical Care Pharmacist at St. Michael's Medical Center in Newark, NJ for the past four years. He is board certified in pharmacotherapy (BCPS) and critical care (BCCCP). In 2015 he received the Lester Z. Lieberman Humanism in Healthcare Award for his leadership as chair of the code committee at St. Michael's Medical Center.

He has presented multiple CE presentations on general pain management principles and pain, agitation, and delirium management in the intensive care unit. His passion for pharmacy began at a young age when his grandfather would take him on rounds in the ICU and on pain management rounds around the hospital. Pain management and public health are very important areas of interest for him.

Learning objectives:

After attending this presentation, attendees will learn to:

- Describe the current state of the opioid epidemic and how we got here
- Define opioid stewardship and discuss the various components of an opioid stewardship program
- Regulatory and clinical guideline perspectives
- Healthcare informatics
- Demonstrate the ability of pharmacists to have a large impact on the opioid epidemic with minimal investment of resources
- Apply components of opioid stewardship to enhance the quality of patient care

Pathway to Success - Making your Way in Specialty Pharmacy

Suzette DiMascio, CHE, CMCE, CPC

As a thought leader, industry expert, frequent media contributor and sought after speaker on all things Specialty; Suzette's strategic insight on marketplace trends help align and enlighten this continually pivoting industry.

Under Suzette's leadership, CSI Specialty Group has become known as the industry's preeminent Specialty Pharmacy Leadership Consulting firm; offering strategic solutions to all healthcare market channels across the spectrum from health systems to manufacturers and was honored as one of Consulting Magazine's Fastest Growing Firms, ranking 5th out of 50 firms.

Suzette's passion for patient care is at the forefront in all programs CSI Specialty Group develops to support their client's endeavors to improve patient lives, every day. She has been instrumental in positioning CSI as a leading, free resource for educational programs on specialty pharmacy, as well as starting the industry's first podcast dedicated to specialty pharmacy which focuses on enlightening trends, highlighting leaders in the industry and uncovering ways to make the specialty pharmacy journey more successful for patients worldwide.

These attributes have granted accolades from other industry leaders, as Suzette delights in providing insight, education and mentorship, while still possessing an incredible voracity for learning herself. All she learns she passes forward, which has afforded her the title of "Queen of Specialty Pharmacy," offered by the American Pharmaceutical Purchasing Alliance, in addition to being named a Goldman Sach's "Top Growing Businesses" and also honored as one of Florida's most successful Women Owned Businesses.

Learning objectives:

After attending this presentation, attendees will learn to:

- Evaluate the current landscape of the specialty pharmacy industry and the channels that serve patients
- Review current market options as you evaluate buy, build or partner operations to enter the market
- Discuss how model of integrated care is different from traditional specialty pharmacy
- Discuss how IDNs are positioned to best manage high risk specialty patients
- Determine how has the interoperability between EHR providers advanced and will continue to advance how data is reported and utilized
- Assess why the future of specialty pharmacy will pivot around integrated healthcare systems
- Examine Crystal ball 2020 - Where will the marketplace specialty pharmacy pendulum swing?
